Summer Wholesale Trade List

July 1930

Offering a Large and
Complete Assortment
of General Nursery
Stock

We Will Appreciate
Your List of Wants

ONE OF AMERICA'S
FOREMOST NURSERIES

TO THE TRADE

In issuing our Advance Trade List for Summer 1930 we are offering a large assortment of general nursery stock. If you need something that we do not list, write us as we may have it; for we do not quote small lots of many varieties that we are growing.

SERVICE—We have unsurpassed equipment and a splendid organization enabling us to give the best possible service in handling our business.

BRANCH PLANTS—In addition to our large plant at Shenandoah, we have established branch nurseries at various parts of the United States where particular varieties can be best grown. We also have connections with reliable growers in Europe for Fruit Tree and Rose Stocks, Dutch Bulbs, etc.

We solicit inquiries and orders from new customers and feel confident you will be pleased with our stock and service.

TERMS AND CONDITIONS

PRICES—The prices named in this list are based upon present market conditions and are subject to change without notice. These are trade prices and are for quantities specified. Long lists of trees or plants of a few of a variety will be billed 10% to 25% higher according to quantity ordered. All orders should be made for 10's or multiples of 10 of a variety; 50 to 100 of a variety at 100 rate; 300 in lots of 10 or multiples of 10 at 1,000 rate. ALL PRICES ARE NET, BOXING OR BALING EXTRA, NO CHARGE FOR PACKING BULK CARS.

SHIPPING—Please give shipping instructions whether by freight or express and route. If no instructions are given we will forward to the best of our judgment without assuming responsibility. ALL GOODS TRAVEL AT THE PURCHASER'S RISK AND EXPENSE.

TERMS—Cash or satisfactory trade references. We extend the usual terms of credit to known, responsible buyers. All bills for stock shipped for Fall trade due not later than December first following and for Spring trade due not later than June first. C. O. D. orders must be accompanied by one-fourth cash.

CAUTION—We accept all orders subject to crop conditions and on condition that same shall be void should injury befall our stock from hail, fire, frost, error in count or other causes beyond our control.

GUARANTEE OF GENUINENESS—If any nursery stock, proves untrue to description of variety name under which it is sold, we hold ourselves in readiness, on proper proof, to replace such nursery stock that may prove untrue to description or name or refund the original amount paid. We shall in no case be liable for any sum greater than the amount originally received for said nursery stock.

CLAIMS for any cause must be made promptly on receipt of stock. WE WILL NOT ENTERTAIN CLAIMS AFTER GOODS HAVE BEEN ONCE ACCEPTED, or when report is not made within TEN DAYS after arrival of stock. WE EXPRESS OR IMPLY NO WARRANTY AS TO PRODUCTIVENESS OR LIFE OF THE NURSERY STOCK WE SELL AND WILL NOT IN ANY WAY BE RESPONSIBLE FOR THE RESULTS SECURED IN TRANSPLANTING.

HEIGHT AND CALIPER—Height given of fruit trees is approximate and represents average height of most varieties. Slow growing kinds will fall short of height specified as it is intended that THE CALIPER SHALL GOVERN.

FRUIT TREE STOCKS—AMERICAN GROWN

The United States Federal Horticultural Board has cut off the importation of all Fruit Tree Seedlings with the exception of Mahaleb and Myrobalan, which cannot be imported after Spring 1931. In the past large quantities of Fruit Tree Seedlings have been imported from Europe, which means the Reliable American Growers are going to have their hands full for the next few years taking care of Fruit Tree Seedling business in the United States.

We can give you your choice of Kansas, Washington, and Colorado Grown Apple Seedlings. Reports from these growing districts promise an excellent lot of strong, vigorous stocks. We advise that orders be placed early for your requirements in Fruit Tree Stocks for there may not be enough to go around.

PEAR SEEDLINGS

The Bartlett is a Communis variety belonging to the same family as the Communis commonly known as the French Pear. We have found the Bartlett more vigorous, carrying better foliage, securing a better stand on the seedlings and a better stand of buds. On last years budding we have about 90% stand and the buds average 30 inches to 36 inches in height at this time, June 20th. The Bartlett seedlings planted this spring have made an average growth up to date of about 12 inches and are almost a perfect stand. We are sure you will make no mistake in planting branched Bartlett seedlings in place of the imported French Pear.

CRAB, Flowering, Malus

The following varieties of flowering crabs are valuable producing attractive flowers and fruit. Where Cedar Trees are plentiful we recommend planting some of these varieties in preference to Bechtel's and Ioensis.

2 to 3 feet-----	3.00	25.00
3 to 4 feet-----	4.00	35.00
4 to 5 feet-----	5.00	45.00
5 to 6 feet-----	7.00	60.00
6 to 8 feet-----	8.00	70.00

Arnoldiana, Arnold Crab 20-30 ft.

One of the most beautiful varieties, originating at the Arnold Arboretum. Very large rose-colored flowers, turning white.

Beauty 25-30 ft.

Seedling of *Pyrus baccata cerasifera* from seed received from botanical gardens, Petrograd, Russia. Pink flowers April, followed by an abundance of brilliant, cherry red fruit.

Carmine Crab (atrosanguinea) 10-15 ft.

Brilliant carmine flowers. April. Free bloomer.

Coronaria, Wild Sweet Crab 25-30 ft.

White with pink flowers, delightfully fragrant. Native American species.

Dolgo, Crab 25-30 ft.

Attractive foliage. Long, conical, intensely bright red fruit. Vigorous grower and productive.

Dr. Van Fleet 25-30 ft.

Upright, vigorous grower, pink flowers, April-May.

floribunda, Japanese Flowering Crab 20-30 ft.

Hardy, vigorous, spreading tree producing beautiful, bright pink flower buds opening white. Small yellowish fruit. Attractive to birds. April.

Hopa, Red Flowering Crab 20-25 ft.

A beautiful, pyramidal growing tree with attractive foliage. Entirely covered with rose colored flowers in April. Fruit red inside and out hanging on until late autumn. Very hardy and free from disease. Should be planted extensively.

Parkman Crab 18-20 ft.

Bright rosy-red with double flowers. April-May.

Prairie Crab, ioensis 20-30 ft.

The native flowering crab of the Middle West, producing large, fragrant, rose colored flowers April.

Redtip 25-30 ft.

An interesting, hardy ornamental tree. New growth having red leaves.

Redvein Crab, niedzwetzkyana

A large growing Russian Turkestan variety. Has remarkable large red flowers April followed by large purplish red fruit and leaves.

Chinese Flowering Crab, spectabilis 15-18 ft.

Large fragrant, bright pink flowers. April.

DECIDUOUS TREES—(continued)

ELM, American Weeping, *Ulmus* 30-40 ft.

A weeping form of American Elm. Long, drooping branches.

	Per 10	Per 100
1 year heads-----	\$ 7.50	\$60.00
2 year heads-----	8.00	70.00

DARWIN TULIPS—FALL BULBS

This type of tulip is probably the most popular of all varieties, not only because they are the finest to use for bedding, cold frames or cut flowers but also because of the excellent forcing qualities. The modern florist and nurseryman, who wishes to keep his trade alive, is not slow to realize that Tulips are wanted with fine long stems and distinct self colors.

In order to secure thousand rates on tulips at least 250 or multiples thereof must be ordered.

	Per 100	Per 1000
BARON DE LA TONNAYE, vivid pink, bedder, very tall and late-----	\$ 2.75	\$ 25.00
BARTIGON, dazzling crimson-scarlet, the most popular and useful forcing Darwin. It may be forced to bloom in February, and hold good throughout the season, early-----	3.00	27.50

RUBRA MAXIMA, deep-red, beautiful glowing bedding tulip, not recommended for forcing -----	3.50	30.00
RAINBOW MIXTURE, all colors including many choice named varieties -----	2.50	22.50

BREEDER TULIPS—FALL BULBS

Breeders may be classed as new, but in reality they are very old. Used to be listed along with the Cottage Tulips, but they are nearer the Darwins. They are self colored and range mostly in rich bronze, velvety brown and buff colors. Some varieties are excellent forcers, while the majority are splendid bedders. Flowers are extra large and they are very easy to grow.

	Per 100	Per 1000
ATTRACTION, (Xerxes) glowing bluish violet, white center, large flowers, extra fine for forcing, also good for bedding, late_____	\$ 3.50	\$ 29.00
BRONZE QUEEN, (Clio) apricot colored bronze, early, height, 28"_____	3.50	29.00
CARDINAL MANNING, (Kingscourt) dark reddish-violet, flushed bronze, large flower, height 25", fine bedder very attractive and late_____	3.50	29.00
CHESTNUT, (La Nuit) very dark brown, lighter edges, late, height, 24"_____	3.50	29.00
DON PEDRO, unique shade of coffee brown, shaded maroon, exceptionally good bedder, and is one of the leading forcers, height 24", late_____	4.50	40.00
GODET PARFAIT, bright bluish violet with white base, very large attractive flower, very fine bedding tulip, height 30", late_____	4.50	40.00
LUCIFER, (Bon Fire) bright terra-cotta orange, very large flower with pretty and attractive color, very latest to bloom, height 26"_____	4.50	40.00
PANARAMA, (Fairy) reddish brown. Good forcer_____	3.00	28.00
YELLOW PERFECTION, light bronze yellow_____	3.50	30.00
GOOD MIXTURE _____	2.75	25.00

MAYFLOWERING COTTAGE TULIPS

These popular garden tulips can be highly recommended. They have excellent colors, are in several cases very prettily shaped and are all borne on nice long stems. There are some varieties that droop just gracefully enough, some have long pointed flowers, some globular like Darwins, some are nice for forcing, some only good for garden, they make wonderful cut flower material and are very decorative.

	Per 100	Per 1000
BRIDESMAID, (Maid of Holland) cherry rose, striped scarlet, violet and white_____	\$ 3.00	\$ 27.50
ELEGANCE, brilliant crimson, pointed petals, very nice forcer, highly recommended _____	3.00	27.50
FAIRY QUEEN, rose-heliotrope, margined yellow, highly recommended, beautiful color, long stems and real large flower_____	3.00	27.50
GOLDEN SPIRE, (Elegans Lutea Maxima) orange-yellow, large flowers with long pointed reflexing petals_____	3.50	30.00
INGLESCOMBE PINK, (Salmon Queen) beautiful salmon pink highly recommended for bedding and cut flowers_____	3.00	27.50
INGLESCOMBE YELLOW, rich yellow, a large solid flower, beautifully shaped, sometimes called the Yellow Darwin_____	3.00	26.00
JOHN RUSKIN, light orange shaded yellow_____	3.00	27.50
ORANGE KING, bright flowering orange, tinged rose on the outside, very sweet scented, substantial flower on long stems_____	3.00	27.50
PICOTTEE, white, pink edged_____	2.50	23.00
SUNSET, large yellow, bordered orange_____	3.50	30.00
THE FAWN, light greyish rose, changing to rose-white, large highly recommended _____	3.00	27.50
MIXED COLORS _____	2.75	25.00

PARROT TULIPS—FALL BULBS

These Tulips are always very interesting for their fringed flowers. They have unusual bright colors, and are very large flowers. They are usually a little weaker stemmed, but are well adapted for forcing, providing one uses extra top size bulbs.

	Per 100	Per 1000
ADMIRAL DE CONSTANTINOPLE, red with orange shading-----	\$ 2.75	\$ 25.00
CRAMOISIE BRILLIANTE, rich deep crimson scarlet, the best of the red colored Parrots-----	2.75	25.00
COULEUR CAFE, (Cafe Brun) brown-purple and yellow-----	2.75	25.00
MIXED COLORS -----	2.50	22.00

HYACINTHS

Hyacinths Bedding 15-16 cm.-----	\$ 5.50	\$ 50.00
" Dutch Roman 12-14 cm.-----	3.50	32.00
CITY OF HAARLEM, one of the best yellows, a very popular variety.		
GERTRUDE, rosy-pink, very popular forcer, compact cluster on strong stems.		
GRAND MAITRE, porcelain-blue, very popular blue Hyacinth, highly recommended.		
KING OF THE BLUES, rich indigo-blue, a variety of great merit, has an enormous flower and strong stem, is only good for late forcing. Also excellent bedding variety.		
L'INNOCENCE, pure white, large bells. This is decidedly the leader of all white hyacinths, fine large clusters, one of the best for early forcing.		
LA VICTOIRE, beautiful rosy-red, long clusters. One of the most popular red hyacinths. Very early forcer and wonderful bedder.		
LORD BALFOUR, light purple tinted with lavender pink, large truss.		
PRES. ROOSEVELT, one of the best double pink varieties, very compact.		
YELLOW HAMMER, lemon-yellow, probably the most used yellow on the market, very good forcer.		
MIXED COLORS, this is our own mixture we are making out of named varieties and you may rest assured it is good.		
15 to 16 cm.-----	\$ 5.00	\$ 47.50
12 to 14 cm.-----	3.00	27.50

GRAPE HYACINTHS

BLUE -----	\$ 2.75	\$ 25.00
WHITE -----	2.50	22.50

CROCUS

Choice named, spring flowering. We offer our customers a selected quality of a few varieties, perfectly distinct in color.
